LAUGHABLE DISPATCH.—The following ludicrous paragraph was telegraphed to this office yesterday. It is the most absurd sequence of errors we have 'struck' for some time:—(Capt John Hughes of the tug Look-out, who fell dead on board his vessel yesterday, died from an anarchy of the hair. He is now fatally dead and his recovery is doubtful, as the doctors in attendance have given up the case as hopeless. His funeral was largely attended.)

How to Cook Mushrooms.—As these delicious fungi are in abundant supply just now it may be interesting to our local readers to know how to prepare them. We can confidently recommend the following recipe:—Put in cold water and wash clean, cutting away root of stem. Place in a dish with cold water, adding a little vinegar; let them remain an hour or two; take out and dry well, on cloth or sieve; put butter, pepper and salt in pan and heat well; put in mushrooms and cook for five to eight minutes over a hot fire, stirring well.

OREGONIAN LUNATICS.—In the State Lunatic Asylum, at East Portland, Oregon, there are 122 patients. Of these, eighty are natives of the United States, seventeen of Germany, thirteen of Ireland, two of England, one of France, one of Scotland, one of Austria, three of Canada, two of China, two half-breeds. Forty per cent of the patients assigned to that institution during the past six years have recovered.

THE ENTERPRISE was announced by telegraph to leave New Westminster at 2 o'clock yesterday afternoon, but had not arrived up to the hour of our going to press. She was detained to receive the Cariboo Mail and the Cariboo Express from the Yale boat. His Excellency the Governor, Mrs Musgrave and the Misses Musgrave are among the passengers.

The performance at the theatre last evening was very successful. We scarcely know which to praise most—the Niagara Leap of Nelson, the wonderful contortions of Davani, the extraordinary acrobatic act of the Nelson Brothers, or the witticisms of Phillips. The audience was fair and the satisfaction afforded great.

MOUNT DOUGLAS QUARTZ.—The mines will commence work at Mount Douglas on Tuesday. The result of the recent assays is considered highly satisfactory by the company, who are encouraged to further outlay in sinking upon the seam.

THE CUSTOMS TARIFFS.—From the Government Printing Office have been issued the Canadian customs tariff side by side, in order, we presume, that the public may the more conveniently compare the two.

THE STEAMER SIR JAMES DOUGLAS made a trip to Sooke yesterday with the mails. The bark Adele did not sail yesterday—the crew not having reached Sooke.

SENT UP.—Abraham Connelly, who was on remand on a charge of an indecent assault upon Mrs Snyder, was yesterday, after a final examination before Mr Pemberton, committed for trial at the next Assize.

It is expected that His Excellency the Governor will proceed to Knight's Inlet in H.M.S. Sparrowhawk on Tuesday next, to inquire into the causes of the Indian troubles there.

ALHAMBRA HALL is being prepared for the reception of the Minstrel Troupe that are coming on the Pelican. Should the steamer arrive to-day the first performance will be given to-morrow evening. The troupe are the *creme de la creme* of negro profusion.

A SCRIMMAGE occurred on Government street yesterday afternoon between two men, one of whom was much the worse for liquor. Blows exchanged and stones thrown, but neither were hurt and the assaulting party was packed off to goal.

PANTHER KILLED.—Mr J E Edwards on Friday night, in his chickenhouse at Saanich, shot and killed a young panther that was making too free with the fowls. He had killed a number before he was surprised. The skin was brought to town yesterday and drew the Government bounty.

INDIAN SUMMER.—We are now in the midst of the most delightful part of the year. Cool mornings and evenings and deliciously warm days. On this mundane sphere where there is to be found another such climate?

GOVERNMENT is having made a Union Jack with the British Columbia coat of arms, surrounded with a wreath of laurel and oak leaves in the centre.

The steamer Fly yesterday brought round from Esquimalt another load of goods from the cargo of the ship Montgomery Castle.

THE SIDEWALKS are sadly out of repair again, and, in some places, are positively dangerous. The outgoing Councilors who count on re-election ought to look to and remedy these defects.

LOOK TO YOUR HENHOUSES! Chicken thieves are around. Several roosts have been despoiled and John Chinaman—whose weakness for chickenflesh is proverbial—is suspected.

THE FOREIGN ENLISTMENT ACT.—In the Government Gazette of Saturday is published the Foreign Enlistment Act, 1870.

The bark Glaramara, once the property of the H B Company and running to this port, is reported lost off the coast of Nova Scotia with all hands.

The Chinese laborers sent to Massachusetts get \$9 per month and take the place of white workmen getting \$35 per month.

The harbor is again filled with anchorages innumerable.

The steamer Polican is due to-day.

ASSAULT.—A man bearing the uncommon name of Smith was yesterday arrested upon a charge of assaulting Mr Wm Beck, proprietor of the London Hotel. He was locked up in default of bail.

MUNIFICENT CHARITY.—The telegraph informs us that the Masonic Fraternity of England have contributed the munificent sum of seventy thousand pounds sterling towards the relief of families of German soldiers engaged in the present war.

DENSE FOG.—A fog thick enough to be out with a knife rolled in last evening, and must have seriously interfered with the navigation of the Straits.

SPECIAL TO THE DAILY BRITISH COLONIST.

LAST NIGHT'S DISPATCHES.

Europe.

TOURS, Oct 7.—The capitulation of General Ulrich is fully approved of by the Government here notwithstanding the statements to the contrary. The General is free from all reproach and is in full accordance with Government.

LONDON, Oct 7.—General Bourbaki has been allowed to re-enter Meuse.

A Paris correspondent of the London Times says that the price of meat is fast advancing, breadstuffs are plenty, and there are also plenty of guns and ammunition.

LYONS, Oct 7.—Pontifical Zouaves, 500 strong, arrived at Tours to-day and will enter the French service.

MONTAGNAUX VIA TOURS, Oct 7.—The Prussian post at Montagnaux comprising 30 men were all killed by Turcos.

CHARLEVILLE VIA TOURS, Oct 7.—Chernay has been evacuated by the Prussians who are retreating.

TOURS, Oct 7.—General Campello reports to the Minister of War from Epernay on the 4th that the enemy is going towards New Brache. There was skirmishing on the previous day but without serious result. Villages about Epernay are filled with troops. The Prefect of Epernay telegraphs to the Minister of the Interior that a combat took place yesterday between the towns of Lasai and Bruyeres. There were 10,000 Prussians, who were supported by the artillery, against 8,000 French held by the National Guard who held the position.

ROUEN, Oct 7.—The Prussians at Gisors have been repulsed by the National Guards. The enemy have formed a camp near Gisors of 24,000 men.

TOURS, Oct 7.—Telegrams received show a steady advance by the Prussians, who are invading the East and Southwest of France on their march to Lyons.

The journals say that a general rising in the Vosges is in progress. There are no regular troops there, but the entire male population is aroused.

The francs tireurs are in all the passes and give no quarter.

LONDON, Oct 7.—In a special to the Times occurs the following extract from a Paris letter dated 3d: Serious opposition is still at work, and growing bolder. The demand for the confiscation of the property of all who left Paris for the benefit of the national defenders, and of all the property of accomplices in the Bonaparte government. The government has been weak enough to yield in some points to the mob. They all demand the destruction of the Colonne Vendome as a memorial pointing to the Bonapartists.

The question of food begins to be serious and food riots are feared. The club men are urging the people on, saying that the provisions belonged to the people and that the city had no right to take them. Five thousand beehives and four thousand sheep are killed daily, which is perhaps enough for all if a just distribution were made, but unfortunately money buys the best in quality and quantity, and but little is left for the poor. Groceries have been closed by the people for raising their prices. The defeat of the sorties at first created consternation. There have been a few encounters at night by organized bands of people. Should further reverses occur it is feared the dangerous classes would inaugurate a terrible revolution. News of the surrender of Strasburg and Toul had a depressing effect. Troops lined the streets to preserve order.

Minister Washburne has abandoned his residence. The whole quarter is barricaded and undermined. Ministers declare their inability to furnish arms at present. All the Americans will leave Paris when the United States Minister does so.

LONDON, Oct 7.—A dreadful earthquake has just occurred in Calabria. Many lives were lost and several villages were utterly destroyed.

SAARBRUCKEN, Oct 7.—The Prussians have advanced heavy batteries on Stenay, the northeastern defence of Metz, and opened a brisk cannonade, which lasted several hours. Result unknown—probably indecisive.

LONDON, Oct 7.—The Empress appeals to the Powers to prevent the bombardment of Paris or a partition of France.

TOURS, Oct 4, via LONDON, Oct 7.—The soldiers have all left here. Their movements have been kept secret.

MARSEILLES, Oct 7.—Garibaldi has arrived here.

TOURS, Oct 7.—The Pontifical Zouaves who are to come here will form a complete corps of 50,000 men.

Ten thousand Italian volunteers have arrived at Chambay.

The people of Tours, who attach great importance to every act of the U.S. Government, are much excited over the visit of Burnside to Favre.

Eastern States.

NEW YORK, Oct 7.—At the championship game of billiards to-night, Rudolph made 1501 to Dion's 1192. The winners average for each innings was 28.

WASHINGTON, Oct 8.—A Postal Convention has been concluded with the colony of British Columbia, establishing and regulating the exchange of correspondence with that colony on the same basis as that adopted in the postal convention with Canada. The convention goes into effect immediately.

California.

SAN FRANCISCO, Oct 7.—The weather has now changed to be cold and foggy.

Mary Murray, aged 20, daughter of the widow who occupied one of the houses on Central Place burned last night, has confessed to having fired the premises for the insurance of \$700 on the furniture. Her mother, who is in the country, had arranged with her to do it. When she saw the place fairly on fire she fainted and fell on the floor, and but for the arrival of the neighbors when the flames had nearly reached her, she would have been burned to death.

The police are endeavoring to solve the mystery connected with the finding of the bodies of a man and woman on Dupont st., near Washington this a.m. There was no visible cause of death in either case that can be ascertained.

PETALUMA, Oct 7.—There was a large attendance at the Fair to-day. The races went off well.

TRUCKEE, Oct 7.—At 1 o'clock p.m. today

fire was discovered at the snow sheds, five miles west of Orisko, and a quarter of a mile of the sheds were destroyed. The tracks will be passable in a short time as a large force of men are at work repairing.

SAN JOSE, Oct 7.—There was an immense crowd to see the races this p.m. from one to two thousand.

STOCKTON, Oct 7.—A new gas company entitled the San Joaquin Gas Company has been organized and incorporated with a capital stock of \$75,000.

Oregon.

PORTLAND, Oct 8.—Miss Leo Hudson, the equestrian and actress, is a passenger on the Orillama now coming up. She comes to fill an engagement.

There are 12 vessels in the river at present, and the wharves present a lively appearance.

A deed transferring the Oregon Central Railroad to the Willamette Railroad Company has been forwarded to Washington for approval.

DELAYED DISPATCHES.

Europe.

BERLIN, Sept 27.—A correspondent of the New York Tribune telegraphs as follows:—Official advices from headquarters report that Jules Favre is present. The first point considered was whether the Constitutional Assembly, by about to be chosen could be relied on to recognize a treaty made with the former Government as binding. Favre is understood to offer an indemnity for the cost of the war, the demolition of the fortifications of Metz and Strasbourg and the surrender of part of the French fleet.

A dispatch from Paris says:—We are doing well enough about provisions and supplies. The Government fixes the price of meat, which is not yet more than 20 cents a pound. There is no scarcity of animal food and the supply of bread is unlimited. As for the wine the Prussians outside may envy us. The city seems unusually healthy—even small-pox has not appeared—at least I hear nothing of it. People forget to be ill in the midst of war. We are waiting in no little excitement for the return of Favre from the Prussian headquarters, but those well informed have slight hopes of his success.

Captain Johnston, bearer of dispatches for the British Government, was recently roughly handled near Paris by the Prussians and subsequently by the French, under the belief that being an Englishman he must be a spy. The English are unpopular with both armies.

One of the journals states that Pierre Magne formerly Minister of Finance writing privately to a friend, assures him that he had a short time before the change in the Government, paid upon receipts presented for over one million chapeaux and three hundred thousand other guns. As these guns have never been seen it shows the extent to which swindling has been carried on under the old regime.

LONDON, Sept 27.—General Sir Richard Airey is appointed Adjutant-General of the British army.

Gladstone admits that a recognition of the French Republic must follow a popular vote.

FLORENCE, Sept 18.—Garibaldi writes that he has received no answer from the French Government, and that 'the rubbish of rumour which calls itself the Italian Government keeps me a prisoner.' He has neither been allowed to leave Caprera nor to receive any message. That the Italian Government upon being questioned answer that owing to their neutrality they have refused Garibaldi the right of departure. When France off red a French frigate the Italian Government replied they should deem such an act one of direct hostility.

The Prefect of Lyons telegraphed: We await Garibaldi. Enlistments continue. Will he come?

This telegram was stopped. The Government would be glad to get rid of Garibaldi, but they dare not offend Prussia.

North Cowichan Public School Site.

COWICHAN BAY, Oct 6 1870.

EDITOR BRITISH COLONIST.—A meeting was held yesterday at the Anglican Mission for the purpose of electing a public school board for the ensuing year, and also determining the future site for the Central School. After a great deal of discussion a motion was carried, not by any means unanimously, in favor of a Central School site on the road between So-menos and Maple Bay, where the cross road from between the So-menos and Cowichan lakes join it. Anyone who knows anything of Cowichan, would see at a glance that this is anything but a central position; in fact, on the North side of this site there is not one single settler, or house, nor is there likely to be. It is a fact beyond doubt that the present school site at the Anglican Mission, Quamichan, is the most central and advantageous position on the North side of the Bay, as was determined by a motion passed at the first public school meeting, of which all due notice was given. It is to be hoped that the Inspector-General, before allowing the present site to be moved, will inspect the site chosen at yesterday's meeting.

I heard a very sensible remark passed by a worthy and experienced settler that the new site would have one advantage which would be that it would have no children living near it. It is doubtless all very well to have matters of importance settled at public meetings, but these meetings do sometimes arrive at the most unfair and absurd conclusions which are possible to imagine. FAIR PLAY.

A COCKNEY NON-PLUSED.—An English gentleman of some distinction who happened recently to visit Ayrshire, in one of his walks entered a rude cottage on the hills with a view of making personal observation of the intellectual physical and moral condition of the inmates. Old Janet was putting some peats on the fire as he entered, when the following dialogue ensued:—

Visitor—'Well, my good woman, how do you live here?'

Janet—'Thank ye, sir, we make a kin' o' a fen.'

Visitor—'Fen?'

Janet—'Aye sir, a kin' o' a fen.'

Visitor—'What's a fen?'

Janet—'Wi' a' yor lair, ken ye no what a fen?'

Visitor—'No indeed.'

Janet—'Hoo! she old man in simmer digs awa' at the tatties; Leezie, thou ken's in a place; and Gibby there, puir fellow, gathers sticks, and whiles gets a pete or twa frae a neighbor like.'

[Gibby, who was stout lad, but rather imbecile, entered at this moment with a burden of firewood.]

Visitor—'How old is your son?'

Janet—'He's nae sin o' mine. He's an ee.'

Visitor—'An O.I. an orphan perhaps?'

Janet—'Tweel, no. But he's as guid's an orphan, for Leezie dinsa fash her thumb wi' him; and his father, the loun, ran awa' afore he was born, whilk aiblins may account, through the mother's distress, for the wean's no bein' altogether collectik like.'

Visitor—'Collectik?'

Janet—'Aye, I'm share ye may see he's no a' there.'

Visitor—'I do not understand you my good woman.'

Janet—'I'm share ye may undertaun that he wants uppence like.'

[Visitor starts and hands a sixpence which Gibby snatches and runs away with.]

Janet (impatiently)—'There he's awa' twa mile to the chuchan for curdumum. It wasna that I meant awa; I said he wanted uppence of the shillin' like.'

Visitor—'I do not understand you yet.'

Janet—'I mean he's no just himsel' like—(the visitor still shaking his head)—he's like yerseel, he's unco dour i' the uptak!'

MADAME LYNCH AND THE COURT OF SESSION.—Madame Lynch, who is described as sometimes residing in Paraguay, and presently in London, has raised an action in the Court of Session, Edinburgh, against Mr. William Stewart, art, who was some months ago residing in Scotland, for the recovery of 14,456l. The plaintiff alleges that in 1863 she gave a quantity of specie to the respondent, who undertook to transmit it to this country, to lodge the proceeds in the Royal Bank of Scotland in his own name, and hold them for her behoof. The sum claimed by the plaintiff is the amount of the proceeds of the specie which she maintains belongs to her. Mrs. Lynch is also suing Mr. George D. Stewart, Buenos Ayres, and his brother, Dr. W. Stewart, as the grantor and endorser respectively of a promissory note for 23,763l. 12s. 6d., given to her for a large quantity of yerba, or Paraguayan tea.

ROBINSON'S Celebrated Magic Soap

DIRECTIONS. For doing a Large Family washing in Two Hours, of Five or Six Dozen Pieces.

1. Cut up fine a bar of the Soap, and put one-half of it into your boiler with sufficient water to cover your white clothes to be washed, and let the soap dissolve; then put your clothes in, stirring them, and let them just come to a boil, then pour out clothes and water into a tub and let them soak twenty or thirty minutes, stirring them around in the tub occasionally to loosen the dirt. Such articles as collars, wristbands, or any other article very dirty, should be rubbed through the hands a little while soaking in order to loosen the dirt before boiling.

2. While your clothes are soaking put the half of your cut soap into your boiler, with sufficient clean water to boil, and let it be heating. After your clothes have soaked wring them out well and put into your boiling water, and let boil from 5 to 10 minutes, then rinse, blue and hang out to dry. If the above directions are followed, we will guarantee your clothes clean and white.

3. For your colored and woolen clothes use the same water you soaked and boiled your white clothes, with only leaving it up again, and pour it over your colored and woolen clothes, and let them soak the same as your white clothes, also rubbing them through your hands while soaking it very dirty. Then rinse in clean water warm as your hands will bear, and you will thus accomplish a large washing in two hours.

By cutting up a bar of this soap into two gallons water, and let boil until thoroughly dissolved, and let soap to cool, you will have two gallons of best soft SOAP as good as Common Soap for general house purposes.

French Medicines.

PREPARED BY

GRIMAULT & CO.

Chemists to H. I. H. Prince Napoleon

PARIS.

These different medicines represent the most recent medical discoveries, founded on the principles of Chemistry and Therapeutics. They must not be confused with secret or quick cures, as their names sufficiently indicate their composition, and the circumstances which have caused them to be appreciated and prescribed by the faculty in the whole world. They are widely used for the numerous ailments which are the result of the most common diseases, and they are applied as a remedy to every ailment of the human system. They are the result of the most recent medical discoveries, and they are the only ones which have been proved efficacious, either in the Hospital, or in the practice of the most celebrated Physicians, and they are the only ones which have been authorized by the Government. This must be a guarantee for the excellence of Messrs. GRIMAULT & Co's medicines.

Women's and Children's Diseases.

Grimault's Syrup of Iodized Horse Radish.

Patronized for more than twenty years by the Paris Physicians. Cures Lymphaticism, rachitism, scrofula, and all the diseases of the glands of the neck, paleness and debility of the face, loss of appetite, weakness of constitution, the various eruptions on the face, boils, pimples, itching, etc. It is the best remedy against the first stage of consumption, and it is the most powerful depurative known.

DOCTOR LERAS'

(Doctor of Medicine.)

SOLUBLE PHOSPHATE OF IRON.

Clear as spring water and tasteless: has the advantage over all ferruginous preparations of containing iron and Phosphorus, which are the elements of the blood. It cures chlorosis, pains in the stomach, difficult digestion, diarrhoea, anæmia, general debility and poverty of the blood, and agrees especially with the most delicate stomachs.

LUNG DISEASES.

Grimault's Syrup of Hypophosphite of Lime.

It is the best and the most rational of all remedies against consumption. Under its influence the cough abates, the night sweats cease, and the patient rapidly recovers health. It gives the same results in cases of scrofula, catarrhs, hooping coughs and influenza. In coughs, catarrhs, hooping coughs and influenza, comparing this syrup with the other sold under the same name, it will be easy to recognize the superiority of this preparation.

NERVOUS HEADACHE and NEURALGIA.

GUARANA.

A single powder of this natural vegetable production is sufficient to cure instantly the most violent sick headache. It is the most valuable remedy against diarrhoea.

Digestive Powders, Pills & Elixir of

PEPSINE.

Of certain effect against nausea, pleurisy, heart-burn, gastritis, gastric, children's diarrhea, inflammation of the mucous coats of the stomach and bowels, vomiting during pregnancy, jaundice, etc.

NO MORE COPALBA OR CUBERS.

Grimault's Capsules and Liquid Extract of Matiao Vegetalis.

Where all other Meds have failed, these preparations will always effect a cure. These insure rapid and extraordinary cure of severe, recent and chronic cases of private disease. They are used in the Hospitals of Paris, by the celebrated Dr Ricord, and are found generally superior to all other medicinal remedies and far more powerful and reliable. The injection is used in recent and chronic cases.

NO MORE DIFFICULT OR PAINFUL DIGESTION!

DR BURINDU BUISSON'S DIGESTIVE LOZENGES.

This delicious preparation is always prescribed by the most celebrated medical men in cases of indigestion, gastritis, long and laborious digestions, wind in the stomach and bowels, emaciation, jaundice and complaints of the liver and biliary system. They are considered by Physicians as being superior to the celebrated Vichy Lozenger.

Largesse's Syrup & Faste

OF SEA PINE SAP.

These two preparations are invaluable and taken with the utmost success for consumption and the various diseases of the chest, and especially for coughs, colds, catarrhs, influenza, hooping cough, bronchitis, asthma, and also for the different affections of the urinary organs.

FERRUGINOUS SYRUP.

OF PERUVIAN BARK.

Superior to all the compounds of Iron for all diseases of the chest, fainting, nervous affections, painful digestion and impoverished blood: it is recognized as the most and most agreeable remedy.

ASTHMA. ASTHMA. ASTHMA

INDIAN CIGARETTES

Prepared with the Essence of Cannabis indica

Wonderful results have been obtained from the use of these cigarettes, by persons suffering from Asthma and other complaints of the respiratory organs.

TO PHYSICIANS.

New York August 15th, 1898.

Allow me to call your attention to my PREPARATION OF COMPOUND EXTRACT BUCHU. Its component parts are, BUCHU, LONG LEAF, CUBERS, JUNIPER BERRIES: Mode of Preparation—Buchu, in vacuum, under pressure, by distillation to form a fine oil. Extracted by displacement with spirits obtained from Juniper Berries; very little sugar is used and a small proportion of alcohol. It is more palatable than any now in use. Buchu as prepared by Druggists, is of a dark color. It is a plant that emits its fragrance, the action of a flame destroys this (its active principle), leaving a dark and glutinous decoction. Mine is the color of ingredients. The Buchu in my preparation predominates, the smallest quantity of the other ingredients is added, to prevent fermentation; upon inspection it will be found not to be a Tincture, as made in Pharmacopoeia, nor is it a Syrup, and therefore can be used in cases where fever or inflammation exists. In this you have the knowledge of the ingredients and the mode of preparation. Hoping that you will favor it with a trial, and that upon inspection it will meet with your approbation, With a feeling of profound confidence, I am, very respectfully,

HELMBOLD'S

FLUID EXTRACT

BUCHU!

For weakness arising from indigestion. The exhausted powers of Nature which are accompanied by so many alarming symptoms, among which will be found, Indisposition to Exertion, Loss of Memory, Wakefulness, Horror of Disease, or Forboding of Evil; in fact, Universal Lassitude, Prostration and inability to enter into the enjoyments of society.

THE CONSTITUTION

Once affected with Organic Weakness, requires the aid of Medicine to strengthen and invigorate the system, which HELMBOLD'S EXTRACT BUCHU variably does. If no treatment is submitted to, Consumption or Insanity ensues.

Helmhold's Fluid Extract of Buchu

AND

IMPROVED ROSE WASH

Will radically exterminate from the system diseases arising from habits of dissipation, at little expense, little or no change in diet, no inconvenience or exposure, completely superseding those unpleasant and dangerous remedies. Copalva and Mercury, in all these diseases.

USE

Helmhold's Fluid Extract Buchu

In all diseases of these organs, whether existing in male or female, from whatever cause originating, and no matter of how long standing. It is pleasant in taste and odor, "immediate" in action, and more strengthening than any of the preparations of Park or Iron.

Those suffering from broken down or delicate constitutions, procure the remedy at once.

The reader must be aware that, however slight may be the attack of the above diseases, it is certain to affect the body health and mental powers.

All the above diseases require the aid of a Diuretic. HELMBOLD'S EXTRACT BUCHU is the great Diuretic.

Sold by Druggists everywhere. Price \$1.25 per bottle, or 6 Bottles for \$6.50. Delivered to any address. Describe Symptoms in all communications.

Political.

Lillooet District.

To the Electors of Clinton and Lillooet District
GENTLEMEN,—You want a man to represent you in the Legislative Council. A good many of you have urged me to seek the representation of the District. I offer my services.

I am in favor of Confederation, because it is the policy of the Home Government, irrevocable, and it will end a system that means nothing but taxation.
The people who have voted pensions to public officers for important services rendered to their country, have exhibited rare signs of common sense, justice and gratitude. Pensions to such public officers as ours would be evidence of extreme folly.
The chief duty of your representatives at the next meeting of the Legislative Council, will be to examine the contract we are about to make with Canada, and I there are in it any conditions detrimental to the interests of this colony, to exhibit their just and demand amendment.
I am no orator. The majority of those who try to be eloquent are merely nonsensical; they forget that this is a practical age, and that a grain of common sense is better than a ton of chaff. I had rather speak five words with my understanding than ten thousand words in an unknown tongue.
I value the friendship and good fellowship that exist between myself and the majority of the men in the District; they will be pleased to hear that I shall not solicit one vote as a personal favor. Friendship and good fellowship should not presume to stand between you and your duty. Elect the best man. If you elect me I promise I shall make gentlemen ashamed of having voted pensions to themselves for duties not discharged.
I have the honor to be a sincere ploughman, and your obedient servant,
GEORGE A. KELLY

REQUISITION.

To EDWARD TYNON, Esq., Merchant, Lillooet:
DEAR SIR,—We have much pleasure in requesting that you will allow yourself to be nominated at the ensuing election as a candidate for the People's Representative in the Legislative Council, and do pledge you our votes and interest.

We are, dear Sir,
yours truly,

REPLY.

INTRODUCED, Sept. 22, 1870.
GENTLEMEN—I have the honor to acknowledge the receipt of your Requisition, so numerously signed during the short time it was being circulated.
This flattering testimonial of your esteem should not be overlooked; therefore I gratefully accept the honor of being your candidate for the Representation of the Lillooet-Clinton District in the Legislative Council.

Having vested interests in the District, if I advance yours I must my own. This fact, I trust, will be sufficient pledge that I shall earnestly and faithfully attend to any and all measures affecting the country generally or our own District.

I have the honor to be, Gentlemen,
Your obedient servant,
EDWIN TYNON.

Nanaimo-Comox District.

REQUISITION.

To the HON. JOHN ROBBSON.
SIR,—The undersigned residents and property-holders of Nanaimo desire that you will allow yourself to be put in nomination for the representation of a District in the forthcoming Legislative Council.
Satisfied that your energies and abilities will be devoted to the interests of Nanaimo-Comox District and to the general good of the whole Colony, we shall do our utmost to secure your election.

Witness my hand and seal this 1st day of September, 1870.

D. John Malpas, John Hirst, John Holden, Peter Papley, John Campbell, Richard Turner, James Mills, William Waddington, William Cartwright, Joseph Ganser.

REPLY.

GENTLEMEN.—In response to the Requisition you have been kind enough to present to me, I cheerfully consent to be put in nomination for the representation of your District in the Legislative Council; and, in doing so, it will hardly be necessary to assure you that, if elected, my best efforts shall be earnestly directed towards promoting the interests of your District in particular, and those of the Colony in general.

In accepting your nomination and soliciting the suffrages of the District, it may be expected that I shall, in accordance with long established custom, indicate the outlines of my political creed; and yet the prominence with which my political views have been before the public would almost seem to render any exposition of them unnecessary at the present time. It may, however, be proper that I should touch upon a few cardinal principles, the subject of considerable public interest, and upon which every other political question at the present time, and I will tell you frankly that I am in favor of accepting that challenge upon the basis of a now official before the public believing that in it and through it the country will obtain very great financial and political advantages.

There are two open questions of considerable importance which will be submitted to the people, through their representatives, viz., a choice of local constitution and a choice of Customs Tariff. I hold the people of British Columbia to be fit and entitled to self-government, and I believe it will be their duty and interest to contend for full political rights as an independent nation.

A reciprocity Treaty with the United States, under which our coal and other products might find an open and ready market, I conceive to be amongst the most urgent needs of the colony; and any feasible movement tending thereto shall ever have my earnest and hearty support.

The education of the young must ever be regarded as one of the first duties of a civilized government, and I cannot hesitate to say that the existing educational system is ill adapted to the needs of the colony, and is inadequate to the circumstances and necessities of the country.

Upon the subject of Retrenchment in the government expenditure, it will only be necessary to say that the most effective remedy will be found in Confederation with Responsible Government.

It need only be added that, in seeking to carry out my views upon these and other questions, I shall, if elected, ever regard it as a first duty to see that your District—among the most important and productive in the United Colony—shall have its full share of legislative attention and expenditure; it would rarely be the province of any community to unjustly deprive it of the same.

Intending, as I do, to take an early opportunity of visiting every part of the District and meeting the electors personally, and expounding more fully my political views, I trust a few hasty and general remarks may suffice for the present.

I have the honor to be, Gentlemen,
Your obedient servant,
JOHN ROBBSON.

DR J. COLLIS BROWNE'S

(Ex Army Medical Staff)

CHLORODYNE,

IS THE ORIGINAL AND ONLY GENUINE.

CAUTION.—Vice-Chancellor Sir W. P. Wood stated that Dr. COLLIS BROWNE was undoubtedly the inventor of CHLORODYNE; that the story of the defendant, Freeman, being the inventor was deliberately untrue which was regretted and been awarded to Dr. Collis Browne as the discoverer of Chlorodyne; that they prescribe it largely and mean no other than Dr. Browne's—See Times, July 12 1868.

The Public therefore are cautioned against using any other than

Dr J. Collis Browne's Chlorodyne,

REMEDIAL USES AND ACTION.

This INVALUABLE REMEDY produces a quiet, refreshing sleep, relieves pain, calms the nervous system, restores the deranged functions and stimulates healthy action of the secretions of the body without creating any of those unpleasant results attending the use of opium.

Old and young may take it at all hours and times when required. It is a most reliable and powerful remedy in all cases of nervous debility and general debility, while it produces no evil effects, and is a most valuable remedy in all cases of the following diseases:—

Dysentery, Diarrhoea, Colic, Asthma, Cholera, Rheumatism, Neuralgia, Cough, Hysteria, &c.

EXTRACTS FROM MEDICAL OPINIONS.
The Right Hon. Earl Russell communicated the following of Physicians and J. T. Davenport that he had received information to the effect that the only remedy of any service in Cholera was Chlorodyne.—See Lancet, Dec 31, 1864.

From A. Montgomery, Esq., late Inspector of Hospitals, Bombay: "Chlorodyne is a most valuable remedy in Neuralgia, Asthma and Dysentery. To it I fairly owe my restoration to health after eighteen months' severe suffering, and when other medicines had failed."

Dr. Lowe, Medical Missionary in India, reports (Dec. 1865) that in nearly every case of Cholera in which Dr. Collis Browne's Chlorodyne was administered, the patient recovered.

Extract from Medical Times, Jan 10, 1866—Chlorodyne is prescribed by scores of orthodox medical practitioners, and is a most reliable and powerful remedy in all cases of the following diseases:—

Cholera, Diarrhoea, Colic, Asthma, Cholera, Rheumatism, Neuralgia, Cough, Hysteria, &c.

Extra. From the General Board of Health, London, a testimonial to the efficacy of Chlorodyne. So strongly are we convinced of the immense value of this remedy that we cannot too strongly urge the necessity of adopting it in all cases.

It was of a poisonous and dangerous compound sold as Chlorodyne from which frequent fatal results have followed.

See leading article, Pharmaceutical Journal, Aug 1, 1866, which states that Dr. J. Collis Browne was the inventor of Chlorodyne, and that it is always right to use his preparation when Chlorodyne is ordered.

CAUTION.—None genuine without the words "Dr. J. Collis Browne" on the Government stamp. Overwhelming medical testimony accompanies each bottle.

Sole Manufacturer, J. T. DAVENPORT, 33 GAZER STREET, LONDON, BLOOMSBURY, LONDON. Sold in Bottles, 1s. 1/2d., 2s. 9d., 4s. 6d., and 11 1/2d.

LEA & PERRINS' CELEBRATED Worcestershire Sauce. DECLARED BY CONNOISSEURS TO BE THE ONLY GOOD SAUCE.
